SITCO GROUPE is a company specialized in the design, conception and manufacture of POS (cardboard counter and floor stand displays Units for the highlighting of products in store)

The company has a leading position in the French market for copacked floor stand displays Units for brands in mass market distribution.

Since 2011, SITCO GROUPE has been committed to an environmental approach by choosing ISO 14001 certification at its headquarters in Saint-Junien and integrating this approach at all levels of the company.

This commitment to reduce the impact of its activity on the environment and to advance its environmental results is reflected in the total involvement of SITCO GROUPE's management and all its employees

As part of the environmental management approach according to the ISO 14001 standard (2015 version), deployed on all activities and products carried out on the St Junien site, SITCO undertakes to

- **Prevent** any form of environmental pollution
- **Reduce** the environmental impacts of its activities and products, and contribute to the preservation of natural resources and biodiversity. SITCO is also FSC (Forest Stewardship Council) certified and participates in the safeguarding of forests
- **Respect the compliance obligations and environmental requirements** of its interested parties (Customers, Insurers, Municipality ...) and satisfy the real or potential needs of its customers
- **Améliorer en continue l'efficacité de son Système de Management Environnemental et de sa performance environnementale.**
- SITCO GROUPE has also been fully committed to a CSR approach for several years. In particular, it has implemented numerous continuous improvement actions and in 2020 made significant progress in the field of CSR with the aim of improving its performance each year around the 4 main themes of CSR (**environment, social and human rights, responsible purchasing, ethics**)

SITCO has also been a member of the GLOBAL COMPACT since 2009 and supports the 10 fundamental principles of the GLOBAL COMPACT OF THE UNITED NATIONS that are at the heart of its daily commitments.

**The Environmental targets for 2021-2023 are :**

- *Valuing our Eco design approach*
- *- Reduce our energy consumption by 2% compared to 2018 on the 3 energies (gas, electricity and fuel consumption)*
- *Continue and improve our CSR commitments, including our Policy of Responsible Purchasing and Anti-Corruption*
- *Improve communication with our employees and customers about our environmental performance as well as the awareness of our teams*

As Managing Director of the company, I am committed to ensuring the availability of resources essential to the management of the Environmental Management System and the achievement of its CSR performance objectives by ensuring the proper implementation of the environmental policy.

**Saint Junien december 1st 2020**

**Denis DUFOUR**

Managing Director
